The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-855-823-8872. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-855-823-8872 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$7,100 / individual or $14,200 / family.	Generally, you must pay all costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care services and preventive pharmacy are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. A copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For network providers $8,000 individual / $16,000 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members on this plan, they must meet their own out-of-pocket limits until the overall family out-of-pocket limit is met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See DenverHealthMedicalPlan.org/find-doctor or call 1-855-823-8872 for a list of network providers.	This plan uses a provider network. You pay less when using a provider in the plan's network. You pay more if you use an out-of-network provider, and you may receive a bill from a provider for the difference of the provider's charge and what your plan pays (balance billing). Your network provider may use an out-of-network provider for some services. Check with your provider before you get services.

Do you need a referral to see a specialist?	Yes. Self-referral is allowed for OBGYN and outpatient mental health services.	This plan will pay some or all of the costs to see a specialist for covered services if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
